FINE CROP WEATHER

SENDS EVERYTHING TUMBLING ON THE CHICAGO MARKETS.

Wheat Fell Off Nearly a Cent, Corn and Oats Easier and Lard Broke All Low-Record Marks.

CHICAGO, April 25. - The prospective weather was the burning question in the market fluctuations for some time to come. The closing price for July was 64%c, against 65@65%c yesterday. Corn and oats were easier, and provisions broke previous low price records for the season.

In wheat there was just a fair trade and moderately active market, prices having a %@lc range. The feeling developed was easier, and lower prices ruled early and fair recovery occurred later, the close showing a loss of 1/0%c. The price was influenced some at the start by the rather easy tone of cables, they coming unchanged in price, which, in face of the rise on this side, was disappointing, as was the total exports from both coasts for the week. Weekly clearings were the smallest since June 18, 1895-1,286,000 bu, against 2,017,000 bu last week and 2,431,000 map showed better conditions in the Northwest than for some time, being clear and warm, with only a trace of rain. July was quite freely offered in a professional way, and prices gradually sold off. Values were steadied by the moderate Argentine ship-

a somewhat easier market, though the undertone was steady and final figures showed but 1/8c loss. Corn sympathized with wheat to a noticeable extent. Trade was chiefly in the way of changing. Shippers took May and sold September, the difference being

There was not as large a trade in oats, with most of it changing from May to July at 1/20%c difference. May showed the most weakness, declining 1/4c, and closed at almost the bottom. July was rather steady, but closed 1/6 1/4c lower and September 1/4c lower. The big shorts covered yesterday and the market had no help from the little ones. Provisions were sick, or at least the hold-

ers of the goods were feeling that way, judging from the way they were throwing up their holdings. Hog receipts were 5,000 over the estimates for the day, and 140,000 are expected at next week's run. In addition packers reported no inquiry to amount to anything for the spot products. Pork suffered a loss of 20c, lard 0.7%c and ribs .10c. The following closing quotations for July are the lowest for the season, and, as regards lard, they break previous low price records; July pork, \$8.57\%; lard, 4.95@4.97\%c; ribs,

usual number of fluctuations. In staple groceries prices have ruled firm except on a few articles. Sugars and coffees are strong. Dry goods showed but few changes the last week, and the dry goods houses had the best week's business of this month. Hardware men, leather dealers and iron merchants had a very fair week's business. The provision market is rather quiet and prices weak. The hide market is under a cloud. > A number of German army officers, including representatives of the War Department, by invitation of a representative of the Maxim Company, attended an extensive test in the Hosenhaide district of quick firing guns of a new pattern. The excellence of the guns was admitted, but it was pointed out that there would be difficulty in getting sufficient ammunition to the spot to serve them, and this difficulty was looked on as being insurmountable. Besides, it would cost 200,000,000 marks to equip the German army with the new Maxims, and until France or Russia adopt a field gun vastly superior to the present weapons in use, Germany will retain the guns she has at present, although it is admitted that they are too slow.

Professor Conrad, the noted economist, CHICAGO, April 25.—Cattle—Beeves are now selling at \$3.25@4.10 for poor to fancy, with sales mostly between \$3.50 and \$4, and speaking at Halle on the currency question, said that nobody can foretell how the situation will develop in America if the silver while fat export steers are selling at \$3.75. Texas cattle have declined with natives, and standard is introduced there at the same time as an increase in the protective tariff. Europe, he added, would be flooded with Hogs—Prices for hogs averaged 21/265c lower than yesterday. Heavy sold at \$3.25@ 3.571/2; medium weights at \$3.40@3.65, and light hogs at \$3.50@3.80, sales being largely at \$3.50 American cereals without the chance of exporting products to America, and the only one preventive was, in his opinion, to estabish a pan-European tariff league. This, Professor Conrad also said, was only a question of time and must come eventually.

ROYAL CHOICE, 75 to 1, WON THE

FIRST RACE AT MEMPHIS.

Montgomery Handicap Prize Taken by Buck Massie-Two Successful Spring Meetings Ended.

MEMPHIS, Tenn., April 25.-The most successful meeting in the history of the Memphis Jockey Club closed here to-day when Lady Doleful flashed past the post in the sixth race at Montgomery Park. The attendance throughout the meeting reached high-water mark. The weather was perfect fourteen of the fifteen days' racing, and three new local records were made. A remarkable feature of the meeting was starter Caldwell's work. The new starting machines were used in all but stake events, and after the first two days worked with Miss Howe and Mr. Lavin, Americans, ap- it necessary to fine or even reprimand a peared on Tuesday at the royal opera in jockey during the meeting. To-day's races opened with a big dump to the talent. Flying Dutchman was considered invincible for the first race, and most books posted odds with the Dutchman out. After racing with Forget in the stretch Dutchman began to falter, and Royal Choice, at 75 to 1, came on, winning easily by a length, The stake feature was the Montgomery handicap, at one and one-eighth miles. Buck Massie was favorite, at 3 to 5, with Maurice second choice and Rey del Mar at 10 to 1. Massie, well ridden by Thorpe, made all the running, winning by a length from Maurice. The time, 1:551/2, beats Berclair's Derby record and is the local high mark. Summaries:

> Closing Day at Newport. CINCINNATI, O., April 25.-The Queen City Jockey Club closed its thirteen-day meeting at Newport to-day. Six good races furnished plenty of sport for the seven thousand people in attendance. Three favorites two second choices and an outsider won the card. Willie Ham, the jockey and owner, was suspended and will probably not be al lowed to take mounts this year for a bad ride on Gus Straus in the first race. Ham's entry in the second race was scratched and all bets declared off. He owns Leo Wicks and several others. Newport will open again in August with a thirty-day meeting. Sum

lusion, Hattie Bellow, Feast, Howard M. and Almond also ran. Clara Foley, 3 to 1, Second-One-half mile. Red, 110 (Overton), to 5, won; Lady Keith, 105 (J. Johnson),

Lafiesta, B., Almee, Frontman and Marioni also ran. Tough Timber, 2 to 1. place. Late to-night Col. Jack Chinn, after a full investigation, discovered that jockey Willis

Ham was not to blame, and he promptly reinstated him.

Winners at Bennings. WASHINGTON, April 25.-The heavy clouds of the morning gave way before the sun and brought a good-sized Saturday crowd to the Bennings track to-day. The card was a fair one and furnished good sport. A week of betting under the handbook system has taught the Washington talent the points of the new order of things, and the play on the choices was more than brisk. The feature of the card was the Army and Navy handicap, worth \$1,000, and five well-matched entries faced the flag. Though Premier was a favorite, Harwarden was plunged on by the knowing ones. Not a horse in the contest went to the post without being played heavily. It was Hawarden's race from the start. Running easily in third place, he came away in the stretch and won pulled up. The exciting incident of the day came in the first race, for which Kennet, with J. J. McCafferty riding, was an odds-on first choice. With the horses well inched, just after entering the stretch Ken-et was given his head, but stumbled and il, both horse and rider lying motionless on the track until assistance reached them. Mc Cafferty was severely cut, but no bones were broken or internal injuries suffered. Kennet had a heavy hemorrhage. Walden's Russler took the two-year-old event, hands down. Kilkenny withdrew from the steeplechase, and May Blossom walked over. Another race was added. Winners and odds: Will Elliott, 7 to 1; Russler, 5 to 7; Hawarden, 9 to 5; Mirage, 3 to 1; May Blossom (walk-over); May Blossom, 1 to 3.

IN MEMORY OF GRANT

COLOSSAL EQUESTRIAN STATUE UN VEILED IN BROOKLYN.

Parade of 10,000 Regular Army and State Troops and Sailors and Ma-

rines-Mayor Wurster's Speech.

NEW YORK, April 25 .- At a meeting of the veterans of the Union League Club, of Brooklyn, a suggestion was made that the memory of Ulysses S. Grant, twice President of the United States, should be perpetuated by the erection of an equestrian statue. From that moment members of the club and their friends worked arduously, and this afternoon their efforts were rewarded by the unveiling of a colossal equestrian statue of the General in front of the clubhouse at Dean street and Bedford avenue, Brooklyn. The statue, which is the work of W. Ordway Partridge, is in bronze, and weighs 1,200 ounds. It is colossal, measuring from the hoof of the horse, where it rests on a granite edestal, to the top of the hat 15 feet 8 inches. The pedestal is 16 feet high, and the entire height of the statue is 31 feet 8 inches. The dedication of the monument to-day was made the occasion of a splendid military pageant, ten thousand soldiers of the United States army, National Guard of the State of New York and sailors and marines from the navy yard being in line, and constituting the argest parade of armed men in this city since the Columbian celebration of 1892. In addition, the Grand Army of the Republic was largely represented. Along the line of the parade thousands of spectators thronged the sidewalk, and when the head of the pro-cession reached the clubhouse Governor Mor-ton and his staff, who were in waiting, loud-After the bands had played the "Coronation larch" and several other American na-onal airs, Gen. Stewart L. Woodford, presi-

AFFAIRS OF THE RAILWAYS. The Transmissouri Roads Adjust

Their Differences. CHICAGO, April 25.-The transmissouri roads have settled all of their difficulties, and affairs in their territory are in better shape than they have ever been before. An agreement has been reached to remove from the market all of the Kansas City-Colorado tickets which have been such a source of demoralization, and further arrangements have been made whereby Secretary Flynn, of the Denver local association, will be able to keep close track of all the business and check any irregularities at the outset. If any road is caught using tickets to scalp the market it shall forfeit all the revenue derived from the sale of such tickets, and the money shall be used for the support of the local association. These articles of agreement, together with the adoption of the party rate tickets reported last night practically removes all sources of trouble from

A call was issued to-day for the next reg-ular meeting of the Transcontinental Passenger Association, to be held in San Francisco. It is expected that consideration of Canadian Pacific affairs will take up much of the time of the meeting. That road now has pending before the association two appeals from the decision of the chairman, and is anxious for a decision of its claims. The board of managers of the Joint Tram idual tickets at a fare of 2 cents per capita short-line distances for returning steamboat men from lower to upper Ohio river points.

Proposed Outer Belt Line. WASHINGTON, April 25.-Erastus Wiman to-day spoke to the House committee on interstate and foreign commerce, advocating an mendment to the third clause of the interstate-commerce law to give effect to th third clause of the law which provides for the interchange of freight between connec ing lines. It is claimed that there is machinery for the enforcement of this and that the amendment is approved by cept no less than ten railways within a miles of Jersey City and to deflect across the Arthur Hill bridge, which constructed to cheapen terminals of a lisland. This, he claimed, will avoid necessity of lighterage, which is the lest charge that products of the constructed to the construction of t

dent of the Union League Club, presented the statue to Mayor Frederick W. Wurster as the representative of Brooklyn. Up to this time the bronze statue had been enveloped with the stars and stripes, and as General Woodford stepped to the platform Ulysses S. Grant, grandson of the General. In accepting the statue on behalf of the city of Brooklyn, Mayor Wurster said: "I accept this with much pride and pleasure. It is well that this city, which has honored in enduring bronze the names of other emi-nent men, has had the public spirit mani-fested by her citizens as set forth in this magnificent manner. This is the first equestrian statue erected in the city of our homes and it should be an inspiration to all wh patience and perseverance can accomplish.
On behalf of the city of Brooklyn I accept
this memorial and extend the heartfelt
thanks of the community to those whose
generosity made possible this gift, which will

very full the largest measure of human greatness." The benediction was then pronounced by Bishop McDonnell.
